INTRODUCTION AND GENERAL INDEX

1955

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Raleigh City Directory since 1903), present to subscribers and the general public, this, the 1955 edition of the Raleigh City Directory, which also includes Carolina Pines, Hertford Village and Westover.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city and vicinity.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that shows the name, marital status, occupation and address of each adult resident of Raleigh and vicinity, and the name, official personnel, nature and address of each firm and corporation.

II. THE BUYERS' GUIDE, the second major department, printed on gold-enrod paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community,

depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh and vicinity.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

STATISTICAL REVIEW

Location

Raleigh is located approximately in the center of North Carolina, and is the capital of the state. The city is situated midway on a straight line between New York City and Jacksonville, Florida, being about 500 miles from either.

Raleigh comprises $12\frac{1}{2}$ square miles in Wake County, of which it is the county seat. The average elevation of the city is 363 feet above sea level. Of a total 250 miles of streets, more than 150 miles have paved surfaces.

Population

The 1950 U. S. Census showed Raleigh with a population of 65,679, of which 68 per cent are white and 32 per cent are colored. The corresponding 1950 population for Wake County was 136,450.

City Government

Raleigh is operated under a council—manager form of government. A council of seven members is elected every two years from the city at large. This council elects one of its number as mayor, and selects the city manager.

Education

Raleigh is an educational center in North Carolina by virtue of six colleges and five business schools. The colleges are as follows:

1. North Carolina State College
2. Meredith College (Baptist college for girls)
3. St. Mary's Junior College (Episcopal college for girls)
4. Peace College (Presbyterian junior college for girls)
5. Shaw University (Negro)
6. St. Augustine's College (Negro)

The present total enrollment of these institutions is approximately 9,000.

The three business schools are as follows:

1. King's Business College
2. Hardbarger Business College
3. Payne Business & Secretarial School (colored)

Special schools located in Raleigh are:

1. State School for the Blind
2. Methodist Orphanage
3. Catholic Orphanage

Public primary and secondary educational facilities are provided in Raleigh through 17 public schools—twelve white and five colored. Additionally, there are four private institutions providing educational service at these levels:

1. Ravenscroft School
2. Sacred Heart Catholic School
3. St. Monica Convent (colored)
4. Lady of Lourdes—Catholic

Within a radius of thirty miles of Raleigh are located Duke University, at Durham, N. C.; the University of North Carolina, at Chapel Hill, N. C.; and Wake Forest College, at Wake Forest, N. C.

Recreation

Raleigh has 15 public park areas; a public stadium for athletics; a municipal auditorium with a seating capacity of 4,000 which can be used for dances, plays, lectures, a coliseum seating 12,500, etc.; an amphitheatre with a seating capacity of 3,000; three golf courses with 18 holes; a public tennis club; seven white theatres with combined seating capacity of 6,500; two colored theatres with combined seating capacity of approximately 1,000; two public swimming pools for white people and one public swimming pool for Negroes.

The City employs a full-time recreational director in the interests of the public. The Y. M. C. A., with its gymnasium and facilities, affords excellent recreational activity for men and boys. The Y. W. C. A. is well-equipped to provide similar facilities for women and girls. The new Raleigh Y. W. C. A. building has been completed.

The fact that there are about nine colleges within a 30-mile radius of Raleigh makes it a center for sports events and athletic contests. The Atlantic Coast Conference Annual Basketball Tournament is played in Raleigh.

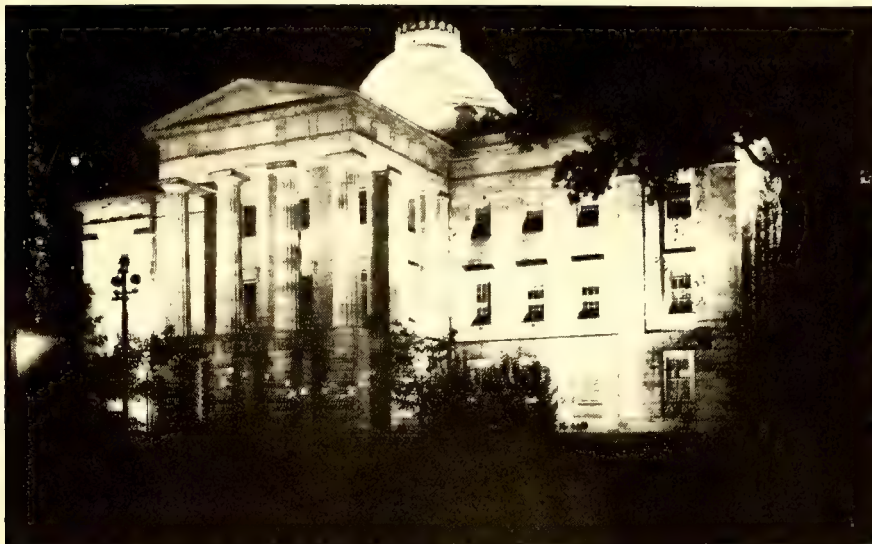

Government Departments

Most of the North Carolina State agencies and several Federal agencies are located in Raleigh. They play an important part in the welfare of the city. State agencies employ approximately 7,000 people; Federal agencies, 1,000 people. Business men from all sections of the state come to Raleigh frequently to contact these government officials.

TRANSPORTATION

Railroads

The railroads serving Raleigh are as follows:

(1) The Seaboard Air Line offers north-south service, with its main line giving connection direct from New York, Washington and Northern cities to Raleigh, Atlanta, Birmingham, Jacksonville, both coasts of Florida, and other important Southern points. S. A. L. schedules show 14 passenger trains and 16 freight trains north and south daily. One passenger train north and south is an all-Pullman train, while three others are reserved-seat coach and Pullman streamliners.

(2) The Southern gives east and west service, with a north-south service intersection at Greensboro, N. C. Southern tracks run as far north as Washington, as far south as Palatka, Fla., as far southwest as Mobile, and as far west as St. Louis. Southern schedules show four passenger trains and four freight trains in and out daily.

(3) The Norfolk Southern gives freight service between Charlotte and Norfolk, with 12 freight trains in and out daily.

Note: All these carriers make connections so that passengers or freight may be transported to any point in the U. S.

Air Lines

The air lines serving Raleigh are as follows:

(1) Eastern Airlines give north and south service to Raleigh from New York to Miami, and southwest from Raleigh to Atlanta and New Orleans. Eastern Airlines schedules show 17 flights in and out of Raleigh daily.

(2) Capital Airlines give east and west service from Knoxville, through Raleigh, to Norfolk. Capital schedules show six flights in and out of Raleigh daily.

(3) Piedmont Airlines give direct service between the Ohio River valley and the Tidewater cities of North Carolina and Virginia. Piedmont schedules show eight flights in and out of Raleigh daily.

Highways

Raleigh is served by a network of nine paved highways. The principal highways handling heavy traffic loads are: U. S. 1 and U. S. 15A, which are north-south highways; and U. S. 64, U. S. 70 and U. S. 70A, which are east-west highways. U. S. 1 and U. S. 15A serve as major routes for the automobile tourist traffic north and south.

The direct paved highway mileage from Raleigh to leading cities is as follows:

Motor Carriers

There are some 100 trucking lines serving Raleigh. The majority of these are licensed to haul general commodities. A few of the trucking lines are restricted by license to haul only special commodities such as tobacco, corn, textile products or farm products. The capacity of these lines is unlimited, since there are no restrictions as to the number of vehicles and terminals which may be operated within the city. Fifteen trucking lines have offices in Raleigh.

Bus Lines

The bus lines operating into and out of Raleigh are:

	Schedules	
	in	out
Atlantic Greyhound	49	49
Carolina Coach Co.	78	78
Queen City Coach Co.	2	2
Seashore Transportation Co.	2	2
Southern Coach Co.	5	5

City Transportation

The City bus service is operated by the White Transportation Co., which provides service to all points of the city and suburban areas. A transfer system is in operation, whereby any point can be reached at a fare of 15¢ or two tokens for 25¢.

A number of taxicab companies operate in Raleigh and provide adequate service in this classification.

MARKETING AND DISTRIBUTION

Raleigh has every advantage for a strategic distribution center in that within a radius of 100 miles of the city there is concentrated 30 per cent of the combined populations of Virginia, North Carolina and South Carolina. The fast transportation systems in and out of the city represent another factor favoring Raleigh as a distribution center.

It is estimated that in 1954 Raleigh had over 800 retail stores. There are 159 manufacturing establishments in and around Raleigh, and 300 wholesale distributors.

Newspapers

There are three newspapers published in Raleigh:

	Approximate circulation
The News and Observer (daily, morning)	115,000
The Raleigh Times (afternoon, except Sunday)	20,000
The Carolinian (weekly, colored)	8,000

Radio Stations

There are three radio companies in Raleigh:

WPTF, A. M. and F. M.
WRAL, A. M. and F. M.
WNAO, A. M. and F. M.

Raleigh's newspapers and radio stations give a complete coverage of central and eastern North Carolina. All three Raleigh newspapers are home-owned and are operated and managed separately.

Station WNAO-TV, Channel 28 UHF, is now in operation.

Note: Station WPTF and Station WRAL have applied for TV licenses.

NEW RALEIGH COLISEUM

The State of North Carolina recently erected on the campus of North Carolina State College in Raleigh a new Stadium-type building which is a fine asset to the recreational and commercial life of the city. This magnificent building not only will provide ample room for all types of indoor athletic activities, but it will be used for civic meetings, industrial exhibits, political conventions, agricultural and stock shows, and many other types of gatherings.

STERNSON MUSIC CO. CHAMBERS - CAVIN'S - RALEIGH BUILDING & LOAN ASSN.

The building itself is 371 feet long and 177 feet wide (outside dimensions), and will provide for an arena floor with a length of 311 feet 4 inches in the clear and a width of 107 feet 11 inches. The floor is entirely surrounded with a tier of balcony seats, which, together with the space available on the floor, will seat from 13,500 to 15,000 people.

Around the arena floor has been arranged a series of offices, classrooms and meeting rooms for lectures and meetings of small groups. Office space is provided in these rooms for the personnel of the Athletic Department of State College and the teaching personnel connected with the U. S. Army R. O. T. C. training program.

A portion of the basement provides rooms for athletic teams, together with showers, rooms for therapy and massage, and storage of athletic equipment. Also, provisions are being made for the installation of ice-making equipment so that this arena can be used for ice shows, ice hockey, and ice-skating by the students and other residents of the state.

All of the area adjacent to the stadium building has been set aside for automobile parking to an extent which is believed will be adequate for all types of attendance.

This new structure very definitely is an asset to the business life of the Raleigh community and will attract people from all over the state to attend the various activities to be held in it.

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capitol. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This Colonial home was erected in the old town of Bloomsbury, which was the county seat of Wake County, in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

Many visitors in Raleigh likewise are interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

CHAMBER OF COMMERCE

The Raleigh Chamber of Commerce is a substantial, well-organized and well-represented body with over 1,800 members. The membership co-operates in a wide variety of activities in commercial development. The Chamber added an industrial department in 1947, and now has under way an industrial development program for Raleigh. The Chamber also has a complete information service, with inquiries given careful and prompt consideration, and visitors are always welcome. The main offices of the Chamber are located in the Sir Walter Hotel Building, 23 W. Davie Street.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

The BIG THREE

IN

Low Priced Stocks

Fortunes sometimes lie hidden in low priced stocks! For example, in the 1949-55 market rise, Radio soared from \$12 to \$52; Remington Rand from \$14 to \$57; Venezuelan Petroleum from \$13 to \$83. All were our recommendations. NOW get our BIG THREE recommendations—3 stocks especially selected for the next rally!

1. Greatly depressed from previous high, this issue offers unusual speculative opportunity, in our opinion. Under \$25.
2. Another depressed issue on the "come-back." Could double in price, we believe.
3. This one at around \$15 can't be expected to stay there long. In 2 dynamic fields.

Capitalize on the present market by getting information on the BIG THREE right now—along with the complete list of our 28 low priced stocks (1 uranium issue at 1½; 3 oils under \$10, etc.)—sent FREE with the enclosed offer.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight - Out of Mind - Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.
